Steps to Car Prowl Prevention Continued

- If you have to leave valuables in your car, put them in the truck before your arrive at your destination.
- Before leaving your car, always remove the keys, roll up the windows, lock the doors, and set the alarm (if you have one).
- If possible, store your car in a closed and locked garage. If your car is parked in a carport or near your house, leave your exterior lights on throughout the night.
- Consider replacing the light fixture closest to your car with a motion detector unit. Motion detectors are good psychological deterrents, causing the thief to think that someone has seen them when the light comes on. Additionally, the light makes the prowler or thief more visible.
- Improve visibility where your car is parked. If you park on the street, choose a well-lit, open space even if it means adding additional exterior lighting. Trim back trees or bushes that block the view of your vehicle from your home. Avoid parking near anything that limits visibility like dumpsters, large vans or trucks, or wooded areas.
- Use a mechanical locking device such as a club that locks to the steering wheel, column, or brake.

- Keep your keys with you instead of putting them in a hiding place.
- Don't leave your vehicle in unattended parking lots for long periods of time.
- When you pay to park in a lot or garage, leave just the ignition key with the attendant. Make sure no personal information is attached. Do the same when you take your car in for repairs.
- Carry the registration and insurance card with you when you leave your vehicle. NOTE: Make sure you have these items with you when you return. Operating the vehicle without these documents is against the law.
- Consider installing a security system if you live in a high-left area or drive an automobile that is an attractive target for thieves. You may get a discount on your auto insurance.
- Organize a Neighborhood Watch. Get to know your neighbors; share contact information – phone numbers, emails – and look out for each other. The people who live on your block are the most likely to recognize suspicious people or activities.
- Be observant when you exit or enter your parked vehicle, stop and take a look around the area.
- Report any suspicious activity to the police.

How to Work Together as Neighbors

Please let your neighbors know when there are car prowls in your neighborhood and what they can do about it. A good way to share the information with neighbors is through a Neighborhood Watch Program. The Yakima Police Department is starting up a Business Watch Program.
