

YAKIMA HEALTH DISTRICT

Prevention Is Our Business

Effective August 1st, 2020

Modified Phase 1 Drive-In Theatres Toolkit

Purpose: To provide education and guidance how Drive-In Theatres can open and expand operations safely and within the scope of regulations for Modified Phase 1 of Washington State's Safe Start re-opening process.

The Yakima Health District is committed to the health and safety of our community members, as well as wanting our local businesses to be able to operate. To ensure that both is happening we are reaching out to provide guidance specific to your business to help answer questions you may have and to give you the information needed to operate your business while also protecting community member from the spread of COVID-19 in our county.

With this letter you will find the guidance document for Modified Phase 1 operations of drive-in theatres. This outlines what operations are allowed in your business during Modified Phase 1, as well as addressing occupancy limitations, sanitation, fitting rooms and customer traffic. It is imperative that all our businesses operate within the scope of Modified Phase 1 regulations so the spread of COVID-19 continues to decline, thus allowing us to eventually transition into Phase 2 and beyond.

We also want to be available to you to answer any additional questions you might have. However, there are a lot of businesses in Yakima County and we believe that a timely response is necessary during these unprecedented times. We are happy to let you know that we have partnered with many local entities to help distribute this information and answer questions you might have. A list of contacts is also included with this toolkit.

Modified Phase 1 Drive-In Theaters COVID-19 Requirements

Drive-in theaters in Modified Phase 1 must adopt a written procedure for professional drive-in theater activity that is at least as strict as the Modified Phase 1 safety and health requirements below.

Requirements Specific to Drive-in Theater Operations

1. Customer Management
 - a. Customers must remain in their vehicles at all times except to visit the restroom.
 - b. No concession stands are permitted to operate in Modified Phase 1.
 - c. Customer payment transactions for tickets may be handled through multiple channels, including phone transactions, on-line transactions, or point-of-sale transactions. If payment by currency is the only possible method of transaction, customers and employees must adhere to social distancing and sanitation standards in this document.
 - d. Customers should wear a cloth face covering when leaving cars for any reason.
 - e. Provide 10 feet of clearance between vehicles.
 - f. Limit number of customers in the restroom at a time except adult with child.
2. Sanitation
 - a. Provide disinfectant and sanitation products for workers to clean their workspace, equipment, tools, and common areas.
 - b. Place hand sanitizer at check-out counters and distributed throughout customer areas, storage areas, and administrative offices.
 - c. Frequently sanitize working surfaces, particularly ticket counters, electronic pin pads, and other areas contacted by customers and employees.
 - d. Require hourly hand washing or sanitation by employees.
 - e. Physical contact with a customer, vendor, or supplier is not permitted under any circumstances.

Modified Phase 1 Safety and Health Requirements

All businesses operating during Modified Phase 1 have a general obligation to keep a safe and healthy facility in accordance with state and federal law, and comply with the following COVID-19 worksite-specific safety practices, as outlined in Governor Jay Inslee's "Stay Home, Stay Healthy" Proclamation 20-25, and in accordance with the Washington State Department of Labor & Industries [General Requirements and Prevention Ideas for Workplaces](#) and the Washington State Department of Health Workplace and Employer Resources & Recommendations at <https://www.doh.wa.gov/Coronavirus/workplace>. All businesses are required to post signage at the entrance to their business to strongly encourage their customers to use cloth face coverings when in store with their staff.

Employers must specifically ensure operations follow the main L&I COVID-19 requirements to protect workers, including:

Educate workers in the language they understand best about coronavirus and how to prevent transmission and the employer's COVID-19 policies.

- Maintain minimum six-foot separation between all employees (and customers) in all interactions at all times. When strict physical distancing is not feasible for a specific task, other prevention measures are required, such as use of barriers, minimize staff or customers in narrow or enclosed areas, stagger breaks, and work shift starts.
- Provide personal protective equipment (PPE) such as gloves, goggles, face shields and face masks as appropriate or required to employees for the activity being performed. **Cloth facial coverings must be worn by every employee not working alone on the jobsite unless their exposure dictates a higher level of protection under Department of Labor & Industries safety and health rules and guidance.** Refer to [Coronavirus Facial Covering and Mask Requirements](#) for additional details. A cloth facial covering is described in the Department of Health guidance, <https://www.doh.wa.gov/Portals/1/Documents/1600/coronavirus/ClothFacemasks.pdf>.
- Ensure frequent and adequate hand washing with adequate maintenance of supplies. Use disposable gloves where safe and applicable to prevent transmission on tools or other items that are shared.
- Establish a housekeeping schedule that includes frequent cleaning and sanitizing with a particular emphasis on commonly touched surfaces.
- Screen employees for signs/symptoms of COVID-19 at start of shift. Make sure sick employees stay home or immediately go home if they feel or appear sick. Cordon off any areas where an employee with probable or confirmed COVID-19 illness worked, touched surfaces, etc. until the area and equipment is cleaned and sanitized. Follow the [cleaning guidelines set by the CDC](#) to deep clean and sanitize.

A site-specific COVID-19 Supervisor shall be designated by the employer at each job site to monitor the health of employees and enforce the COVID-19 job site safety plan.

A worker may refuse to perform unsafe work, including hazards created by COVID-19. And, it is unlawful for their employer to take adverse action against a worker who has engaged in safety-protected activities under the law if their work refusal meets certain requirements.

Employees who choose to remove themselves from a worksite because they do not believe it is safe to work due to the risk of COVID-19 exposure may have access to certain leave or unemployment benefits. Employers must provide high-risk individuals covered by Proclamation 20-46 with their choice of access to available employer-granted accrued leave or unemployment benefits if an alternative work arrangement is not feasible. Other employees may have access to expanded family and medical leave included in the Families First Coronavirus Response Act, access to use unemployment benefits, or access to other paid time off depending on the circumstances.

No drive-in theaters may operate until they can meet and maintain all the requirements in this document, including providing materials, schedules and equipment required to comply. Additional considerations are made as suggestions and may be adopted, as appropriate.

All issues regarding worker safety and health are subject to enforcement action under L&I's Division of Occupational Safety and Health (DOSH).

- Employers can request COVID-19 [prevention advice and help](#) from L&I's Division of Occupational Safety and Health (DOSH).
- Employee Workplace safety and health complaints may be submitted to the L&I DOSH Safety Call Center: (1-800-423-7233) or via e-mail to adag235@lni.wa.gov.
- General questions about how to comply with the agreement practices can be submitted to the state's Business Response Center at <https://coronavirus.wa.gov/how-you-can-help/covid-19-business-and-worker-inquiries>.
- All other violations related to Proclamation 20-25 can be submitted at <https://bit.ly/covid-compliance>.

Business Outreach Initiative Resources List

Purpose: This list is to provide access to education and guidance on how to operate a business safely and effectively within the scope of regulations set by the current phase Yakima County is in. Furthermore, gives access to resources to help businesses best prepare for expansion of operations when moving to the next phase.
